

Innovating Teaching. Engaging Students.

Join us on the Apple Learning Tour.

More than ever, teachers are using digital content to create interactive, engaging experiences for their students. Which means students can connect to subject matter and demonstrate knowledge in exciting new ways. Come to the Apple Learning Tour to see how Apple's mobile devices and rich content ecosystem make learning more relevant and more personal.

Here's what you'll experience:

- Explore a wide variety of digital content, including education apps, interactive iBooks Textbooks, and the amazing free learning resources and courses on iTunes U.
- Discover powerful content-creation tools that provide students with deeper, more meaningful ways to apply their learning.
- See what it's like to be a student in a digital classroom through innovative, hands-on activities created by an Apple Distinguished Educator.
- Learn about a framework for creating a successful one-to-one learning environment based on best practices from schools and districts worldwide.

Don't miss this opportunity to see how the latest education content and content-creation tools are revolutionizing the classroom.
